RISN stands for **Residential Institutions Survivors Network**.

This new web service is part of William Gorry's initiative to encourage residential institutions survivors to work together to give their own voice to matters that are important to us.

Survivors in Ireland, Northern Ireland and UK, will at last be able to have their voices heard in the new year, 2018

On 17 November 2017, an agreement with the Department of Education was reached to hold consultation talks with **RISN** survivors. These consultation talks will be survivor led and will give RISN survivors the opportunity to have their voices heard.

In order to give all survivors an opportunity in attending a meeting and having their voices heard, we would like you to contact us to show us just how many residential institutions survivors are interested in establishing better services.

Please get in touch with us. It will allow us to petition for as many consultation talks as ought to be held in Ireland and the UK so that everyone's voice is included.

If you would like more information about this, please contact me at **+353 85 2574737** or email at info@risn.ie

William Gorry is the founder of **RISN** (<http://risn.ie>)

Survivor from Mount Carmel orphanage in Moate, Co Westmeath
